Profile transport trolley PWS 1400

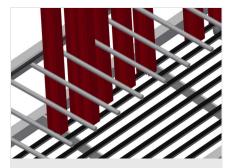

Compartment divider with plastic protector

Compartment divider height is adjustable. All supporting surfaces have a non-slip PVC cladding which protects surfaces from damage during storage

Back support with rubber strips

Rear supporting surfaces equipped with rubber strips protect profiles from damage

Lower supporting surfaces with rubber strips

Lower supporting surfaces equipped with rubber strips to protect the profiles from damage

Casters

Four casters, two of which have a fixing brake, provide a high degree of mobility and easy, safe handling
