

PWS1800

Profile transport trolleys

Profile trolley for vertical storage and transportation of aluminium profiles

- Stable steel construction
- Ideal for transportation and space-saving intermediate storage of cut-to-length profiles
- Vertical profile transportation
- Sufficient for 12 – 60 profile bars
- Compartment divider height is adjustable
- Lower supporting surface with rubber strips
- Compartment dividers with protective tubing
- Rear back support with rubber strips
- Four castors, two of which have a fixing brake

Options

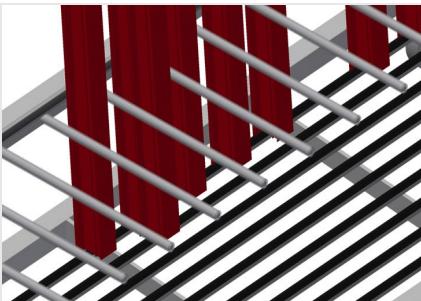

- Height of additional compartment divider is adjustable, with plastic protector

**Profile transport trolley
PWS 1800****Compartment divider
with plastic protector**

Compartment divider height is adjustable. All supporting surfaces have a non-slip PVC cladding which protects surfaces from damage during storage

**Back support with rubber
strips**

Rear supporting surfaces equipped with rubber strips protect profiles from damage

**Lower supporting
surfaces with rubber
strips**

Lower supporting surfaces equipped with rubber strips to protect the profiles from damage

**Casters**

Four casters, two of which have a fixing brake, provide a high degree of mobility and easy, safe handling

**Additional compartment
divider for PWS 1800**

Additional compartment divider with height adjustment and plastic protector
